Office Of Assessment

The goal of the SD Department of Education is that all high school students graduate college, career, and life ready. To this aim, the South Dakota assessment system is designed to provide districts, schools, and parents with the information they need to ensure that their students remain on track to reach this goal. South Dakota public school students participate in annual summative testing in English language arts and mathematics and the results of these tests are included in the state accountability system. In addition to annual tests in English language arts and mathematics, South Dakota requires assessment of science and writing annually and provides schools and teachers with resources to utilize other assessments to help identify strengths and areas for improvement.

Before the Assessment

Students: For **all** assessed students

- Remember: **ALL** student demographic information is rolled into TIDE automatically when your Infinite Campus updates

- Demographic information is greyed out and non manipulable. **If information is wrong, then it needs to be corrected in Infinite Campus**

Notes

- Updates to student profiles could take 24-72 hours to install properly, staying on top of this information is important to keep assessment schedules on time
